Het tegenwicht voor alle eindejaareljatjes. Geen populariteitspoll of bevestiging van wat iedereen verwacht, maar een jaaroverzicht van datgene wat over het hoofd is gezien.
Gillian Jagger

Gillian Jagger: Wat Was and Is

At first glance, I didn't really feel attracted to the aesthetics or execution of Gillian Jagger's work at David Lewis Gallery, but it did immediately captivate me on the level of attitude. The sculptural installation resonated with something that came from an island, far away, unique and independent. It had a ‘fuck it’ attitude that surpassed the trends of its time without trying to be rebellious, but by being loyal to an internal logic where a deep investigation takes place in respect to the landscape which was carefully created over the years and which aims to share its discoveries in an intimate way without being ashamed of its own sensitivity.
